Profile

Junior Front-End Developer with a passion for building clean, modern web applications using React, Next.js,
TypeScript, TailwindCSS, and MongoDB. Completed 20+ projects through Frontend Mentor challenges,
including full-stack applications following the MVC architecture. Skilled at translating design systems into
responsive, accessible, and high-performance user interfaces.

Technical Skills

Languages: JavaScript (ES6+), TypeScript

Frameworks/Libraries: React, Next.js, TailwindCSS, ShadCN UI
Database: MongoDB, Mongoose
Tools: Git, GitHub
Other: Responsive Design, MVC Architecture, UI/UX Implementation

Projects

Kanban Task Manager – Next.js, TypeScript, MongoDB, TailwindCSS,
Built a full-stack Kanban board app with CRUD operations, and dynamic state management. Focused on usability and clean UI.

Personal Finance Dashboard – Next.js, TypeScript, TailwindCSS, Mongoose
Developed a dashboard to track income, expenses, and savings using MongoDB persistence. Designed a fully responsive layout with data visualizations.

Product Feedback App – Next.js, TypeScript, TailwindCSS
Implemented a user feedback management system with categories, comments, and sorting features. Focused
on accessibility and seamless interactions.

Work Experience

Style Consultant – Target, Pasadena, CA (2021 – Present)
Collaborate with team members to maintain store presentation standards, assist guests, and ensure excellent service. Developed strong communication, organization, and teamwork skills valuable in collaborative software environments.

Website Technician – SIB Apps Support Company, Tehran, Iran (2017 – 2020)
Maintained and updated company websites, optimized performance, and ensured responsive layouts.
Worked closely with cross-functional teams to integrate client feedback and improve overall UX. Produced
documentation and trained clients on managing their content efficiently.

Sales & Customer Service Associate – Tech Store, Tehran, Iran (2012 – 2017)
Assisted customers with technical support and product guidance. Trained new staff and contributed to
achieving sales targets. Developed strong communication and problem-solving skills transferable to project
collaboration and user support.

Education

Bachelor's in Fluid Mechanical Engineering – Azad Nour University, Tehran, Iran (2011 – 2015)

Completed additional Udemy coursework in React, Next.js, and TypeScript to strengthen modern front-end
development skills.
