GitHub: github.com/maziarja

Profile

Full-Stack Developer with a passion for building clean, modern web applications using React, Next.js, TypeScript, TailwindCSS, Node.js/Express, and Prisma. Completed 20+ projects through Frontend Mentor challenges, including full-stack applications following the MVC architecture. Skilled at translating design systems into responsive, accessible, and high-performance user interfaces, as well as building reliable backend services and databases.

Technical Skills

Languages: JavaScript (ES6+), TypeScript

Frameworks/Libraries: React, Next.js, Express, TailwindCSS, ShadCN UI

Database: MongoDB, Mongoose, PostgreSQL, Prisma

Runtime: Node.js

Tools: Git, GitHub

Other: Responsive Design, MVC Architecture, UI/UX Implementation

Projects

Finio – Next.js, Prisma, Neon Postgres

A full-stack personal finance tracker featuring auth, transactions, P2P transfers, budgets, and goals. Logic implemented by me, UI crafted with Claude Code.

iPass – Next.js, Node.js/Express, Neon PostgreSQL

A full-stack password manager featuring AES-256-GCM client-side encryption, JWT auth, and a Neon PostgreSQL database.

Note-Taking App – Next.js, MongoDB, NextAuth

Full-stack note-taking app featuring CRUD operations, archiving, tag-based filtering, full-text search, Google OAuth, and customizable font/color themes with a responsive UI.

Frontpage – Next.js 16, Prisma, Better Auth

A full-stack RSS reader with AI-powered article summarization, developed with Claude Code. Features multi-format feed parsing, read/unread tracking, category organization, and Groq-backed summarization.

Work Experience

Style Consultant – Target, Pasadena, CA (2021 – Present)

Collaborate with team members to maintain store presentation standards, assist guests, and ensure excellent service. Developed strong communication, organization, and teamwork skills valuable in collaborative software environments.

Website Technician – SIB Apps Support Company, Tehran, Iran (2017 – 2020)

Maintained and updated company websites, optimized performance, and ensured responsive layouts. Worked closely with cross-functional teams to integrate client feedback and improve overall UX. Produced documentation and trained clients on managing their content efficiently.

Sales & Customer Service Associate – Tech Store, Tehran, Iran (2012 – 2017)

Assisted customers with technical support and product guidance. Trained new staff and contributed to achieving sales targets. Developed strong communication and problem-solving skills transferable to project collaboration and user support.

Education

Bachelor's in Fluid Mechanical Engineering – Azad Nour University, Tehran, Iran (2011 – 2015)

Completed additional Udemy coursework in React, Next.js, and TypeScript to strengthen modern full-stack development skills.
